

# Toss the coin

## You need:

A board for each player, a coin to toss, a pile of coins to choose from (at least 32 for 2 players)

## To play:

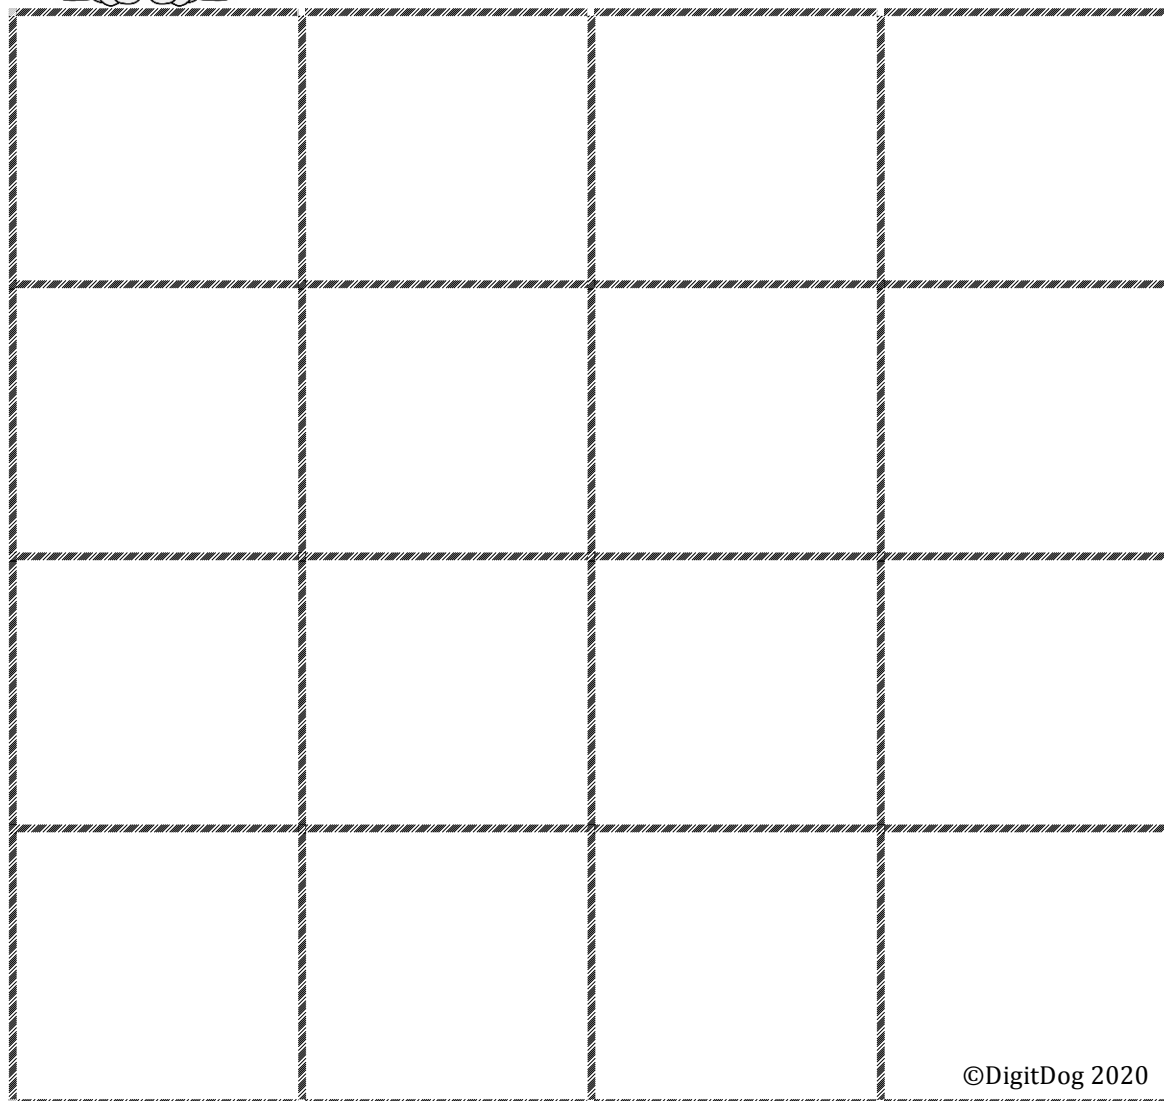

Toss your coin. If it's heads, choose one coin from the pile. If it's tails, choose two coins.

Put the coins on your grid, one on each square.

The first player to cover their grid wins.

At the end count how much money you have altogether on your grid.
